Admission Policy

Students are considered for admissions on the basis of, but not limited to, academic achievement, academic testing, attendance record, teacher evaluations, administrator evaluations and citizenship. Other factors that are considered include co-curricular interests, talents, classroom scheduling capabilities, and space availability. If a student is accepted for the following school year, his/her final report card will also be evaluated. Upon acceptance, all first-time students begin a nine week probationary period. During that time, the students' attendance, academic record, and behavior will be carefully monitored by administration. Please note that we are not able to make significant modifications or accommodations for special needs. The administration reserves the right to implement both mandatory and random drug testing of all students in grades 9-12 at some point during the school year. I give permission to The Lakeside School to use my child's picture in school publications/advertisements.
